

## Store report - cattle

Market information provided by MLA's National Livestock Reporting Service

### CTLX

report date 10 Jun 2011

Yarding 4360

comparison date 03/06/2011

Change 0

The monthly store sale produced another good turn out of younger cattle which was well represented by weaner steers. Heifers were also in greater numbers and yearlings were in short supply. PTIC cows were well supplied with a reduced number of cow and calf units.

There was a lot of buyer support for the local area with a few extra buyers from Eastern Victoria, Wodonga, and Forbes.

The light weights held firm and in some places were dearer. Medium and heavy weaner steers lost \$50 to \$60/head with prices ranging from \$470 to \$740/head. Overall average live price was 229c/kg but the heavier runs were from 215c to 220c/kg. The heifer portion lost a similar amount with extremely light weights making \$250 and heavier weights to \$610/head or averaging 190c/kg.

PTIC heifers reached \$1,170 and cows made to \$1,250/head averaging \$885 which was slightly stronger than the previous sale. Cows with young calves at foot reached \$1,380 for young Angus cows and cows with older calves reached \$1,400 but averaged \$1,100/unit.
