

Store report - cattle

Market information provided by MLA's National Livestock Reporting Service

CTLX

report date 20 Jan 2012

Yarding 1984

comparison date 13/01/2012

Change 0

The first monthly store sale saw a reduced number of cattle offered. Weaners were well back in volume and there were a larger number of yearlings which mostly went to feeders. Around 400 cows with calves were also offered to a small and mainly local group of buyers. Quality was mostly plain over all categories with a few exceptions throughout.

Light Limousin/Angus weaner steers made \$640 or 304c and the heifer portion of the same consignment reached \$625/head or 295c/kg. The popular Angus medium weights ranged from \$720 to \$762/head averaging 240c/kg. Medium weight heifers sold from \$570 to \$610 with heavy weights reaching \$715/head. Most sales averaged around 210c/kg.

Yearling steers to restockers ranged from \$585 to \$826 and the heifers reached \$725/head. Feeder steers ranged from \$650 to \$850/head and averaged 216c/kg.

Cows and calves ranged from \$900 to \$1600 for heavy Angus cows with calves under 2 months and cows with older calves made to \$1375 and sales averaged \$1145/unit. A large line of PTIC cows with calf reached \$1375/unit.
